BACKGROUND

The Boggy Branch Community Development District (The “Boggy Branch CDD” or the “District”) is a 557 ± acre community development district located in Duval County, Florida. (See ***Exhibit 1,*** Location Map). The land within the District is currently a partially developed parcel within the SEQ PUD, as defined further herein. The authorized land uses within the District include residential development as well as open space and recreational amenities. The District is planned to be developed in phases over time; these phases are intended to function as a single, interrelated community. The full development within the Boggy Branch CDD boundaries will include approximately:

TYPE	AREA (ACRES)	RESIDENTIAL UNITS
Residential	487.2	1,558
Amenity Village	25.2	0
Neighborhood Parks System	9.0	0
Wetlands	32.6	0
Upland Buffer	2.6	0
TOTALS	**556.6**	**1,558**

The capital improvement program (“CIP”) is bifurcated into two (2) categories: Shared Master Infrastructure and Residential Master Infrastructure. Shared Master Infrastructure includes certain Transportation Management Area (TMA) roadways and other infrastructure improvements that will provide mutual benefit to the lands within both the Ryals Creek CDD and Boggy Branch CDD’s boundaries (the “TMA Roadway Improvements”).

The third phase of the CIP is estimated to cost approximately $69,289,345 and includes only the Residential Master Infrastructure costs allocatable to Phase 3 of the District (the "Phase 3 Project"). No Shared Master Infrastructure costs are applicable to Phase 3.

The purpose of this Supplemental Engineer’s Report is to describe the Phase 3 Project and the associated infrastructure improvements for the Phase 3 Project and is meant to supplement the Master Engineer’s Report dated March 3, 2020 which describes the CIP for the District. Summaries of the proposed Phase 3 Project and corresponding cost estimates are detailed in Table 1.

Phase 3 of the District is located westerly and easterly of the Phase 1 and Phase 2 projects. Phase 3 lands of the District consist of 212.34 acres and is planned for 601 residential units. The currently proposed development program for the Phase 3 lands of the District is presented on the next page.

Phase 3 of the District is part of the 1,068-acre tract that received zoning approval from the City of Jacksonville as a mixed-use planned unit development (the “SEQ PUD”). Further, Phase 3 of the District lands is under the jurisdiction of St. Johns River Water Management District (SJRWMD), U.S. Army Corps of Engineers (USACOE) and the Florida Department of Environmental Protection (FDEP). Design and permitting for the improvements for Phase 3 of the District is underway, as shown below:

A jurisdictional wetland delineation for the entire property within the District has been completed and approved by the St. Johns River Water Management District (SJRWMD) and U.S. Army Corps of Engineers (USACOE). A SJRWMD permit has been obtained for mass grading improvements. SJRWMD permits will be obtained for this phase of the residential development portions of the project. Construction plan approvals from the City of Jacksonville (COJ) will be obtained this phase of the residential development portion of the property. Construction of the Phase 3 improvements is currently anticipated to begin in January 2027. There is a reasonable expectation that the required permits for the District improvements are obtainable, however, all permits are subject to final agency action.

Cost estimates contained in this report are based upon contracts for prior phases. England-Thims & Miller, Inc. believes the estimates to be accurate based upon the available information; however, actual costs will vary based on final contractor bids.

PROJECT PHASING

The overall Project has been built in a series of phases. The phasing of the project allowed the clearing, earthwork, stormwater management systems, roadways, alleys, utilities, entry features, recreational areas, landscaping, sidewalks and paths to be constructed as needed throughout the build-out of the District.

RESIDENTIAL MASTER INFRASTRUCTURE IMPROVEMENTS

The District currently intends to finance, design and construct certain infrastructure improvements for the residential development within the District boundaries. The improvements include complete construction of the basic infrastructure for each neighborhood, including but not limited to clearing and grubbing, earthwork, amenities, entry features, water, reuse and sewer underground utility construction, drainage, stormwater management, grassing, sodding, JEA underground electrical conduit and neighborhood street lighting. Refer to Exhibits 6-11 for the Neighborhood Infrastructure Improvements.

The cost estimate for the roadways and alleys included for the residential master infrastructure improvements is based upon curb and gutter section roadways with variable pavement widths, within variable width rights-of-way. The clearing, grubbing and earthwork estimates include all work necessary for the complete right-of-way area and include utility easements for underground electrical conduit for roadway street lighting. Disturbed areas within the rights-of-way, which are outside of the paved areas, will be sodded and/or seeded and grassed in order to provide erosion and sediment control in accordance with City of Jacksonville standards.

Stormwater management cost estimates included in the residential master infrastructure improvements provide for the attenuation and treatment of stormwater runoff from the project roadways in accordance with St. Johns River Water Management District and City of Jacksonville standards. Costs include detention pond construction, outfall control structures, and any site fill required to provide a complete stormwater management system.

Water, sewer and reuse cost estimates included in the residential master infrastructure improvements consist of the underground water and reuse transmission systems and wastewater (sewer) collection system serving the development. Costs include piping, manholes, valves, services, and all appurtenances required in order to construct the system in accordance with JEA and Florida Department of Environmental Protection standards.

The residential master infrastructure improvements shall be designed and constructed to City of Jacksonville, JEA, Florida Department of Environmental Protection, and St. Johns River Water Management District standards. Roadways shall be owned and maintained by the City of Jacksonville. Water, reuse and sewer facilities shall be owned and maintained by JEA. The neighborhood street lighting shall be owned and operated by JEA, and the electrical cost to operate it is presently expected to be paid by the City of Jacksonville. The District shall maintain the stormwater management improvements and alleys.

BASIS OF COST ESTIMATE FOR RESIDENTIAL MASTER INFRASTRUCTURE IMPROVEMENTS

The following is the basis for the residential master infrastructure cost estimates:

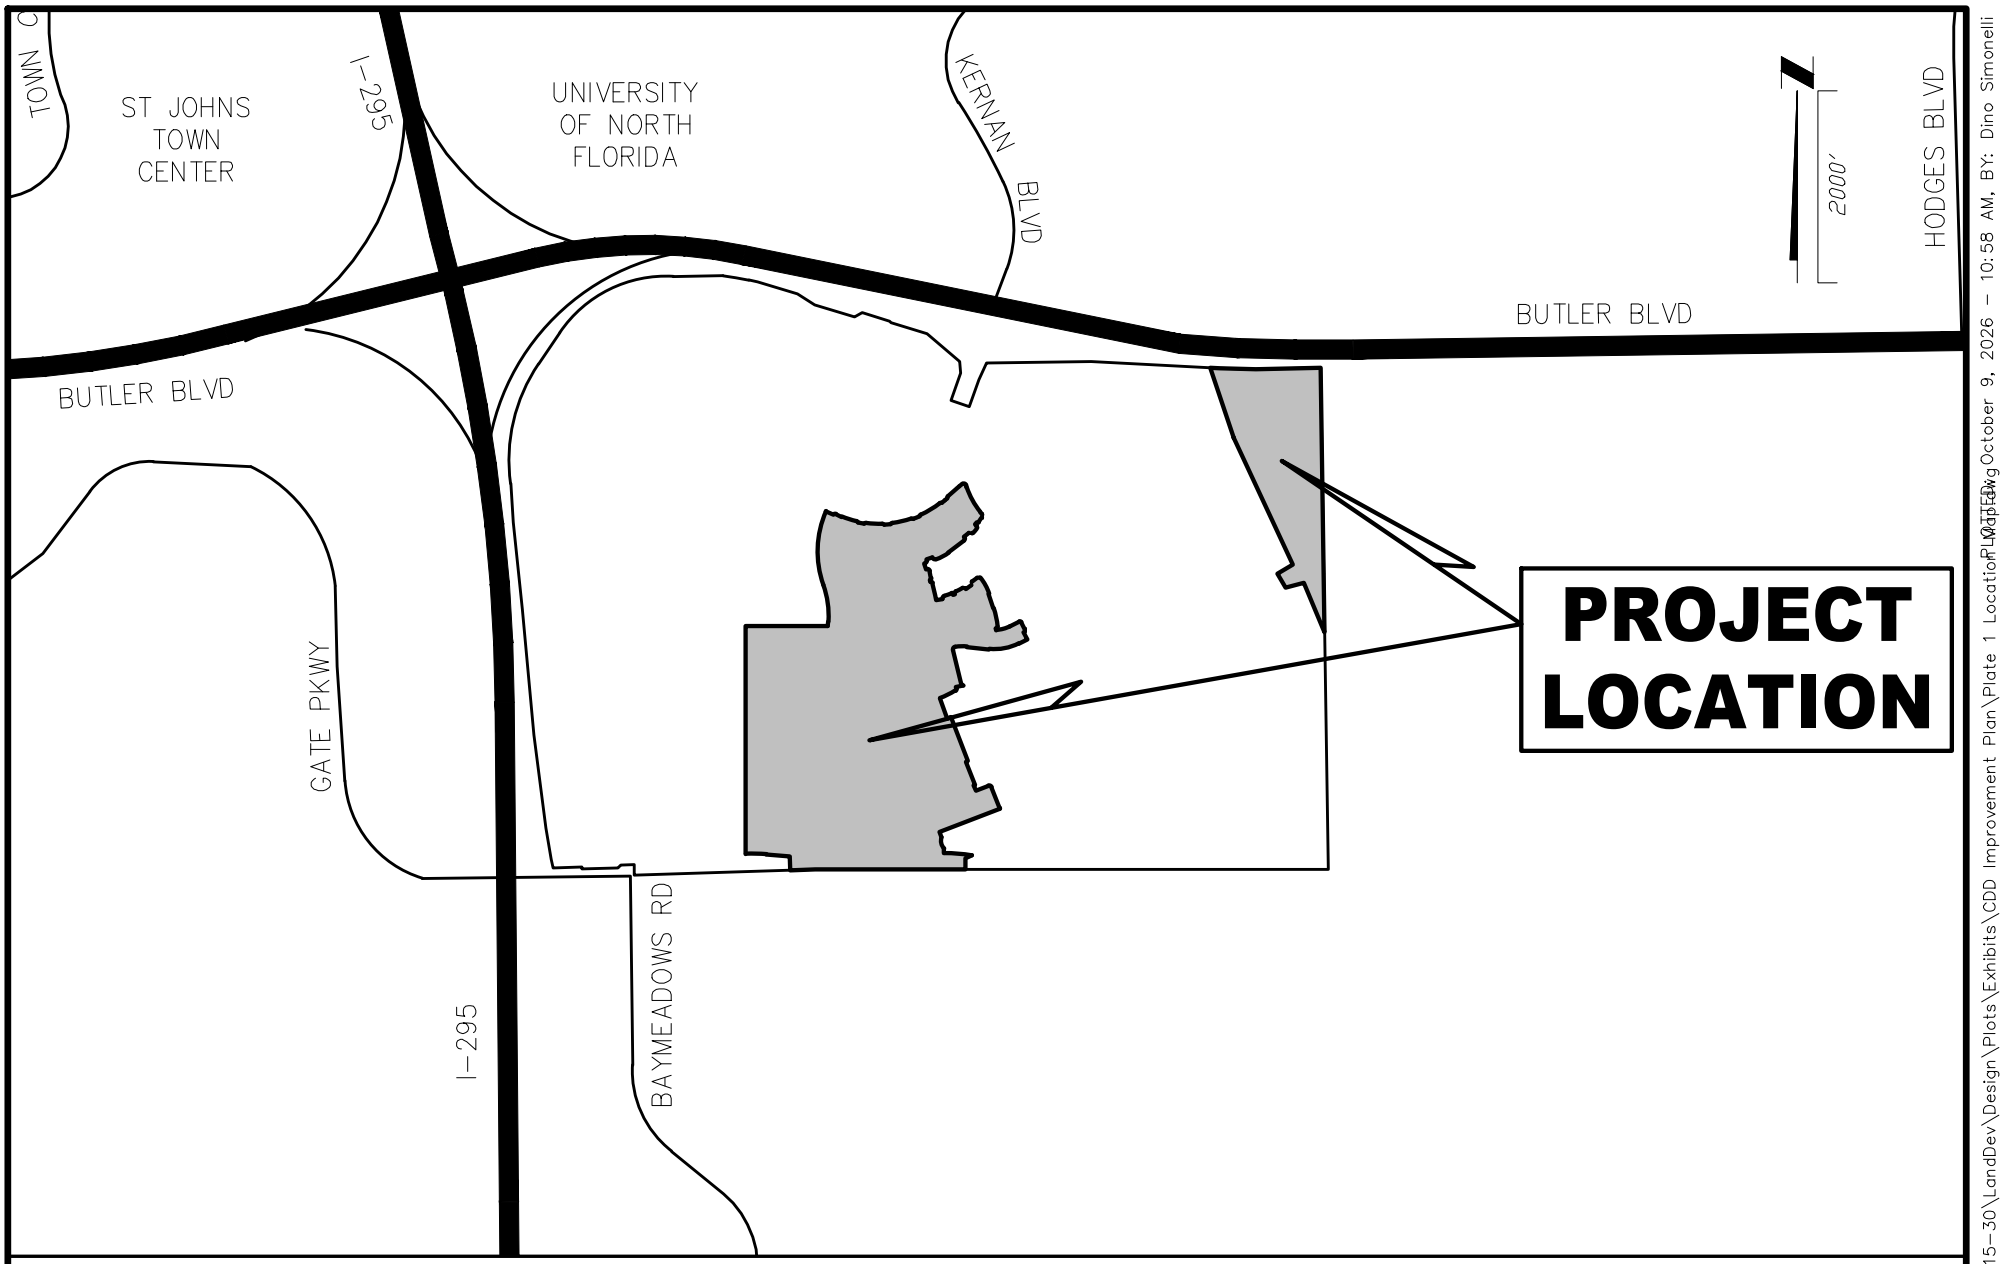

- Costs utilized were obtained using contractor pricing for Phase 2.
- Water and Sewer Facilities are designed in accordance with JEA and FDEP standards.
- The stormwater management system was designed pursuant to SJRWMD and City of Jacksonville standards.
- The engineering, permitting, construction inspection and other soft cost fees have been included in the estimated cost.
- For the purpose of this report, a 10% contingency factor has been included for neighborhood master infrastructure.
- England-Thims & Miller, Inc. believes the enclosed estimates to be accurate based upon the available information; however, actual costs will vary based upon final contractor bids.
- Costs have been included for street lighting and electrical conduit on all roadways in accordance with JEA standards.

MASTER ASSESSMENT METHODOLOGY, PHASE 3
BOGGY BRANCH COMMUNITY DEVELOPMENT DISTRICT

October 29, 2026

1.0 Introduction

1.1 Purpose

This "Master Assessment Methodology, Phase 3," ("Master Methodology Phase 3") provides a system for the allocation of non-ad valorem special assessments securing the repayment of bond debt planned to be issued by the Boggy Branch Community Development District ("District") to fund beneficial public infrastructure improvements and facilities within Phase 3 of the District. The Master Methodology Phase 3 described herein has two goals: (1) quantifying the special benefits received by properties within the District as a result of the construction of the District's improvements and facilities, and (2) equitably allocating the costs incurred by the District to provide these benefits to properties in the District.

The District plans to implement its Phase 3 capital improvement program ("Phase 3 CIP" or "Phase 3 Project") that will allow for the development of Phase 3 property within the District. The District plans to fund a portion of its Phase 3 CIP through bond debt financing. This bond debt will be repaid from the proceeds of non-ad valorem special assessments levied by the District. These special assessments will serve as liens against properties within the boundary of the District that receive a special benefit from the Phase 3 CIP. This Master Methodology Phase 3 is designed to conform to the requirements of Chapters 170, 190, and 197 of the Florida Statutes with respect to special assessments and is consistent with our understanding of the case law on this subject.

1.2 Background

The District was created on August 30, 2019. The District encompasses approximately 557+/- acres in the City of Jacksonville, Florida. In January 2021, the District issued $14,870,000 in Special Assessment Bonds, Series 2021 ("Series 2021 Bonds") to fund development associated with its Phase 1, which included the development of 486 residential units. In February 2024, the District issued $35,180,000 in Special Assessment Bonds, Series 2024 ("Series 2024 Bonds") to partially fund the Phase 2 Project associated with its Phase 2, which included the development of 471 residential units, and reimburse the Developer for advancements including a portion of the Phase 1 infrastructure costs. The District is now in the process of funding its Phase 3 CIP. The Boggy Branch CDD Third Supplemental Engineer's Report to the Capital Improvement Plan, dated October 21, 2026 ("Engineer's Report")[1] as provided by England-Thims & Miller, Inc. ("District Engineer") provides a description of the area and a location map for the District's Phase 3.

[1] England-Thims & Miller, Inc.., (October 21, 2026), "Boggy Branch CDD Third Supplemental Engineer's Report to the Capital Improvement Plan"

This Master Methodology Phase 3 provides a methodology to allocate the debt over the approximately 212.34 acres in the District's Phase 3 that will receive a special benefit from the installation of the proposed District's portion of the Phase 3 CIP. It is the District's debt-funded capital infrastructure improvements that will allow the development of the lands within the District. By making development of the lands within the District possible, the District creates benefits to the lands within the District.

The methodology described herein allocates the District's debt to the District's lands based upon the benefits received from the infrastructure program. This report is designed to conform to the requirements of Chapter 170, F.S. with respect to special assessments and is consistent with our understanding of the case law on this subject.[2]

1.3 Projected Land Use Plan for the District

Table 1 summarizes the land use development plan for the District, which includes Phase 3. As detailed in the Engineer's Report, the land use plan envisions a mix of residential units over multiple phases. At this time, the established development entity is a joint venture between ICI Homes and David Weekley Homes (collectively, "Developer") which Developer intends to develop the property as described in the Engineer's Report.

At the outset, the Phase 3 CIP is based on the land uses the Developer plans for the lands within the District's Phase 3 as shown in Table 1. However, until either: (a) parcels of land along with their development entitlements are sold by the landowner to the new landowner and entitlements conveyed or (b) plats are filed, the precise land uses are unknown.

Therefore, the District initially will impose assessments on a per gross acre basis on the unsold and unplatted properties within Phase 3 of the District based on the land use plan outlined in Table 1 (or in any updates issued from time to time), and on any sold or platted property in accordance with its actual land use or contractual entitlement as transferred to the new landowner from the landowner.

1.4 CIP - Infrastructure Installation

The District will construct its public infrastructure and improvements as outlined in the Engineer's Report, as prepared by the District Engineer. The District infrastructure and improvements for the District's Phase 3 CIP are presented in Table 2.

1.5 Requirements of a Valid Assessment Methodology

In PFM Financial Advisors LLC, (the Assessment Consultant's) ("PFM" and/or "AC") experience, there are two primary requirements for special assessments to be valid under Florida law. First, the properties assessed must receive a special benefit from the improvements paid for via the assessments. Second, the assessments must be fairly and reasonably allocated to the properties being assessed. If these two characteristics of valid special assessments are adhered to, Florida law provides some latitude to legislative bodies, such as the District's Board of Supervisors, in approving special assessments. Indeed, Florida courts have found that the mathematical perfection of calculating special benefit is impossible, and, accordingly, a special assessment is valid as long as there is a logical relationship between the services provided and the benefit to real property. A court must give deference to the District's determinations regarding the levy of special assessments, and such special assessments are only invalid if the District's determinations are found to be arbitrary.

1.6 Special Benefits and General Benefits

Improvements undertaken by the District create both special benefits and general benefits to property owners located within and surrounding the District. However, in our opinion, the general benefits to the public at large are incidental in nature and are readily distinguishable from the special benefits which accrue to property located within the District. It is the District's Phase 3 CIP that enables properties within the District's Phase 3 boundaries to be developed. Without the District's Phase 3 CIP there would be no infrastructure to support development of land within the District. Without these improvements, development of property in the District would not be permitted.

The new infrastructure improvements included in the Phase 3 CIP create both: (1) special benefits to the developable property within the District and (2) general benefits to properties outside the District. However, as discussed below, these general benefits are incidental in nature and are readily distinguishable from the special benefits which accrue to the developable property within the District. The Phase 3 CIP described in the District Engineer's Report enables the developable property within the Phase 3 of the District to be developed. Without the Phase 3 CIP, there would be no infrastructure to support development of the Phase 3 developable property within the District.

1.7 Demonstration of Benefit

As shown in Table 2, the estimated cost of the Phase 3 CIP is $69,289,345 (Phase 3 CIP + Phase 3 engineering fees). The District plans to issue bonds to fund its portion of these costs, with total bond principal estimated at $84,895,000 (Table 4). There are an estimated 212.34 acres (65.9 acres associated with the lot residential lot acreage) within the District's Phase 3. Therefore, the average cost of the District's Phase 3 CIP, per assessable acre, is $1,289,099 on an as-financed basis. As discussed in more detail below, at the time all of the Phase 3 properties are developed according to the land plan in Table 1, the developed properties will have absorbed all of the debt that was initially allocated on a gross acre basis.

Therefore, the proper analysis of the special benefit to the properties in the District planned for development is to compare the current value of the property to be developed to the expected future value of the property after the Phase 3 CIP is installed. As demonstrated below, the installation of the infrastructure will generate benefits in excess of its $1,289,099 per acre cost by boosting the market value of the now undeveloped property well above the current land value (as described below) plus the cost of the infrastructure.

Table 3 demonstrates the expected special benefit to the properties from the installation of the CIP. The development plan shown in Table 1 estimates 601 Phase 3 residential units. Since the District comprises approximately 65.9 residential lot acres, the plan is for a density of 9.1 units per acre.

Based on current market pricing provided by the current landowner, the estimated average market price of residential units to be developed in the District will be $900,000. On average, per data via the National Association of Homebuilders ("NAHB") a finished building lot is valued at 18.5% of the total home and lot package for a single family unit. This produces an estimated finished lot value of $166,500. The Phase 3 CIP has a total cost as financed of $84,895,000 for 601 units, thus the cost to produce a finished lot is $141,256. The market value of the land, as improved by the CIP, is then estimated as the difference

between the value of the finished lot of $166,500 and the cost of the improvements per lot of $141,256 resulting in a residual value for the land, as improved, of $25,244 per lot. The foregoing market value is subject to change based on the final pricing details of the District's bond issues and the market value of the homes to be built on the properties.

According to the Duval County Property Appraiser, the 65.9+/- acres of land that comprise the District's Phase 3 residential lots has an estimated land value of $10,907,559. The development program produces a density of 9.1 units per acre for a total of 601 lots, so the land value per unit is $18,149.

Therefore, the District's Phase 3 CIP will provide a special benefit to the District's properties. The net increase in the market value of the lots once improved by the District's Phase 3 CIP is estimated at $7,095. Therefore, the net benefit in market value of the lots after deducting the cost of the land before the improvements is $7,095 (i.e. $25,244 - $18,149 = $7,095). This demonstrates the special benefits generated by the CIP to the properties.

2.0 CIP Plan of Finance

The District has advised it intends to finance all or a portion of its Phase 3 CIP costs as detailed in Table 2 by issuing bonds. These bonds may be issued in several series, as development progresses within the District. A number of component funds comprise the total principal of the bonds to be issued by the District. These funds may include, but are not limited to, acquisition and construction, capitalized interest, a debt service reserve, underwriter's discount, and issuance costs. The debt service reserve account is set initially at 100% of maximum annual debt service. The bond sizing includes 12 months of capitalized interest. The underwriter's discount is estimated at 2.0% of par. This allowance pays the underwriter for taking the risks involved in purchasing the District's bonds. The cost of issuance pays for the trustee, financial advisor, district counsel and other costs associated with issuing the District's bonds.

An estimate of the bond issuance required to fund the District's Phase 3 CIP is found in Table 4. The construction/acquisition funds raised by the District's bonds may fund only a portion of the District's Phase 3 CIP. The balance of any remaining Phase 3 CIP costs will be funded by one or more District landowner(s) or by other means. As bonds are issued by the District over time, the District will adopt supplemental assessment methodology report(s) detailing the particulars of each specific bond issue with respect to bond pricing and the associated assessments for properties securing each bond issuance.

(1) Gross assessments represent the assessment placed on the County tax roll each year, if the District elects to use the Uniform Method of collecting non-ad valorem assessments authorized by Chapter 197 of the Florida Statutes. Gross assessments include a 7.5% gross-up to account for the fees of the County Property Appraiser and Tax Collector and the statutory early payment discount.

3.0 Assessment Methodology

3.1 Assessment Foundation

The assessment methodology associated with the allocation of the costs of the Phase 3 CIP is a four-step process. First, the District Engineer determines the costs for the District's infrastructure and related improvements. Second, an estimate of the amount of bonds required to finance the infrastructure improvements is calculated. Third, the District Engineer outlines which parcels benefit from the provision of the infrastructure and improvements. Finally, the as-financed costs of the infrastructure and related improvements are allocated to the benefiting properties based on the approximate relative benefit each unit receives. The District's capital improvements are intended to act as a system of improvements allowing for each phase to benefit from the preceding phase and/or subsequent phase of infrastructure development as the improvements are installed.

3.2 Allocation of Specific Assessments

The discussion offered below illustrates the process by which the District will allocate bond debt it incurs to fund its Phase 3 CIP. The District's maximum $84,895,000 of total bond debt is detailed in Table 5. The District's bond debt will be secured primarily by special assessments allocated to properties in the District based on and proportional to the benefits that each property receives from the CIP. As described above, until such time as either: (a) properties are sold along with their entitlements or (b) plats are recorded; the specific land uses in the District are not known with certainty. Therefore, at the outset, the debt is allocated on an acreage basis across all benefited acres in the District totaling approximately 212.34 acres. As the sale and platting process unfolds, the District will more finely articulate the allocation of debt to benefiting properties based on their land uses.

As noted above, as long as two basic principles are adhered to, Florida law generally allows the District Board some latitude in determining the appropriate methodology to allocate the costs of its Phase 3 CIP to benefiting properties in the District. The two principles are: (1) the properties being assessed must receive a special benefit from the CIP and (2) the assessments allocated to each property must be fairly and reasonably apportioned among the benefiting properties.

In allocating special assessments to benefiting property, Florida governments have used a variety of methods including, but not limited to, front footage, area, trip rates, equivalent residential units ("ERU"), dwelling units, and acreage. These ERU values equate the benefit received by a stated amount of such particular land use category to the benefit received by a typical single-family residence. The use of ERU values to estimate the benefit derived from infrastructure improvements is recognized as a simple, fair, and reasonable method for apportioning benefit. The Florida Supreme Court concluded that the ERU method was a valid methodology in its decision in Winter Springs v. State.[3] In addition, the ERU methodology is widely used in other similar CDDs. Note that the current development plan includes multiple lot sizes; however, any additional lot size(s) will be assessed via benefits based on its lot width (front feet) consistent with this Master Methodology Phase 3.

[3] City of Winter Springs v. State, 776 So.2d 255 (Fla 2003)

Table 5 contains the allocation of the District's Phase 3 CIP costs, as financed, to the Development Units planned for the District based on the ERU value assigned to each Development Unit. Table 6 shows the annual bond debt service assessments associated with the bond par allocations found in Table 5. Table 6 becomes important as the land within the District is platted, as specific bond debt service assessments will be assigned to the individual Development Units at that time.

(1) Gross assessments represent the assessment placed on the County tax roll each year, if the District elects to use the Uniform Method of collecting non-ad valorem assessments authorized by Chapter 197 of the Florida Statutes. Gross assessments include a 7.5% gross-up to account for the fees of the County Property Appraiser and Tax Collector and the statutory early payment discount.

3.3 True-Up Mechanism

Although the District does not process plats, it does have an important role to play during the course of development. Whenever a parcel's land use and development density and intensity is determined with sufficient certainty, the District must allocate a portion of its debt to the parcel according to the procedures outlined in Section 3.2 above. In addition, the District must also prevent any buildup of debt on land that has not yet been developed. Otherwise, the land could be fully subdivided without all of the debt being allocated.

To preclude this, a test is conducted when development thresholds are reached within the District. As long as the development at these thresholds does not cause the debt on the remaining land to increase above a debt ceiling level illustrated in Table 7 below, then no further action is necessary. However, if the debt on the remaining land does increase, a debt reduction payment will be necessary.

The debt ceiling level is established at the time each series of bonds is issued. For example, the District may issue up to $84,895,000 in Bonds to fund the CIP. According to the Engineer's Report, there are approximately 212.34 gross acres of land within the District. Each of these acres will be assigned an equal assessment of the $84,895,000 in remaining unassigned bond debt assessments. Therefore, and assuming for purposes of this illustration that all $84,895,000 in anticipated bond debt is issued by the District to fund its CIP, the ceiling level of debt for developable and assessable properties would be $399,807 per acre ($84,895,000 / 212.34). This ceiling level is based upon the best information available at the time of this report, is subject to change, and will only be finalized at the time of the District's first bond issuance.

A test will be conducted when 25%, 50%, 75%, and 90% of the acreage within the District has been developed. The ceiling amount of debt is determined at the time any District bond issuance is closed. The debt ceiling level is the ratio of the amount of debt outstanding divided by the number of acres of land for which no debt allocation has occurred as per this methodology. Table 7 below illustrates when the true-up test will be applied to determine if debt reduction payments are required. However, a true-up payment may be suspended at the District's discretion. If the property owner can demonstrate to the District, and the District finds in its discretion (consistent with the opinion of the District Engineer), that all necessary land use approvals, including applicable zoning, can reasonably and economically support development totaling greater than or equal to 601 residential units, on the remaining unplatted developable acreage within the remaining acres, a true-up payment may be suspended.

In the event that additional land not currently subject to the assessments required to repay the debt associated with the CIP is developed in such a manner as to receive special benefit from the CIP, it is contemplated that this Master Methodology Phase 3 will be re-applied to include such new parcels. The additional land, as a result of applying this Master Methodology Phase 3, will be allocated an appropriate share of the special assessments, with all previously-assessed parcels receiving a relative adjustment in their assessment levels.

4.0 Contribution of District Infrastructure and/or Improvements

The costs of the District's CIP will likely be funded by two mechanisms. The first mechanism is the issuance of special assessment bonds. The second mechanism is the contribution of funds or CIP components to the District ("Contribution"). Property owners within the District will have the opportunity to make such a Contribution upon approval by the District.

A District property owner's Contribution will give rise to assessment credits that can be applied by the property owner to reduce or eliminate bond debt service assessments that would otherwise be assigned to lands within the District to fund the costs of the CIP. Prior to a property owner reducing or eliminating bond debt service assessments through a Contribution, it must be shown that the improvements funded or contributed by the property owner are a component of the CIP, as outlined in the Engineer's Report. The property owner will be permitted to apply assessment credits equal to the value of the Contribution plus the costs of financing the improvement(s) that would otherwise have been incurred by the District if the District were required to issue bonds to fund or acquire the improvement(s) (such that the property would not be responsible for bond financing costs if the Contribution was made prior to the District's issuance of special assessment bonds). A property owner possessing assessment credits due to a Contribution will, in the District's discretion, have the opportunity to use the assessment credits to adjust bond debt service assessment levels of Development Units.

5.0 Assessment Roll

Table 8 outlines the maximum bond principal assessment per assessable acre for the lands within the District's Phase 3. A description of the land within the District, which will be assessed to secure the repayment of the District's bonds, is found in Exhibit "A", below. The assessments shall be paid in not more than thirty (30) annual installments.

AGREEMENT FOR UNDERWRITING SERVICES
BOGGY BRANCH COMMUNITY DEVELOPMENT DISTRICT

October 29, 2026

Board of Supervisors
Boggy Branch Community Development District

Dear Supervisors:

Raymond James & Associates, Inc. (the "RJA" or the "Underwriter") is pleased to submit this agreement (the "Agreement") to the Boggy Branch Community Development District (the "District") to serve as underwriter or placement agent to the District. This Agreement relates to the proposed issuance of bonds (the "Bonds") to acquire and/or construct certain public infrastructure improvements for the final phase of the District's capital improvement plan. This Agreement will cover the engagement for the initial issuance of Bonds and will be supplemented for future bond issuances as may be applicable.

1. **Scope of Services:** The Underwriter intends to serve as the underwriter, and not as a financial advisor or municipal advisor, in connection with the issuance of the Bonds. The scope of services to be provided in a non-fiduciary capacity by the Underwriter for this transaction will include those listed below, as applicable.

    - Advice regarding the structure, timing, terms, and other similar matters concerning the particular municipal securities described above.
    - Preparation of rating strategies and presentations related to the issue being underwritten.
    - Preparations for and assistance with investor "road shows," if any, and investor discussions related to the issue being underwritten.
    - Advice regarding retail order periods and institutional marketing if the District decides to engage in a negotiated sale.
    - Assistance to the District in its preparation of the Preliminary Official Statement, if any, and the Final Official Statement.
    - Assistance with the closing of the issue, including negotiation and discussion with respect to all documents, certificates, and opinions needed for the closing.
    - Coordination with respect to obtaining CUSIP numbers and the registration with the Depository Trust Company.
    - Preparation of post-sale reports for the issue, if any.
    - Structuring of refunding escrow cash flow requirements, but not the recommendation of and brokerage of particular municipal escrow investments.

Raymond James & Associates, Inc., member New York Stock Exchange/SIPC. All products and services are provided solely through Raymond James.

2. **Fees:** The Underwriter will be responsible for its own out-of-pocket expenses including the fees and disbursements of underwriter's or disclosure counsel. Any fees payable to the Underwriter will be contingent upon the successful sale and delivery or placement of the Bonds. The underwriting fee for the sale or placement of the Bonds will be the greater of $50,000 or 2% of the par amount of Bonds issued.

3. **Termination:** Both the District and the Underwriter will have the right to terminate this Agreement without cause upon 90 days written notice to the non-terminating party.

4. **Purchase Contract:** At or before such time as the District gives its final authorization for the Bonds, the Underwriter and its counsel will deliver to the District a purchase or placement contract (the "Purchase Contract") detailing the terms of the Bonds.

5. **Notice of Meetings:** The District shall provide timely notice to the Underwriter for all regular and special meetings of the District. The District will provide, in writing, to the Underwriter, at least one week prior to any meeting, except in the case of an emergency meeting for which the notice time shall be the same as that required by law for the meeting itself, of matters and items for which it desires the Underwriter's input.

6. **Disclosures Concerning the Underwriter's Role Required by MSRB Rule G-17.** The Municipal Securities Rulemaking Board's Rule G-17 requires underwriters to make certain disclosures to issuers in connection with the issuance of municipal securities. Those disclosures are attached hereto as "Exhibit A." By execution of this Agreement, you are acknowledging receipt of the same. If you or any other District officials have any questions or concerns about these disclosures, please make those questions or concerns known immediately to the undersigned. In addition, you should consult with the District's own financial and/or municipal, legal, accounting, tax and other advisors, as applicable, to the extent you deem appropriate. It is our understanding that you have the authority to bind the District by contract with us, and that you are not a party to any conflict of interest relating to the subject transaction. If our understanding is incorrect, please notify the undersigned immediately.

7. **Accuracy of Information.** The District understands that the consummation of the transaction will be based upon, among other things, the truth, accuracy and completeness of the information included in the official statement or other offering document or otherwise provided to RJA.

8. **Obligations Contingent; Not Municipal Advisor.** Nothing in this Agreement is an expressed or an implied commitment by RJA to provide financing or to place, purchase or underwrite the Bonds. Any such commitment shall only be set forth in a bond purchase contract or other appropriate form of agreement for the underwriting or placement of the Bonds. Further, our participation in any transaction (contemplated herein or otherwise) remains subject to, among other things, the execution of a bond purchase contract (or other appropriate form of agreement), further internal review and approvals, satisfactory completion of our due diligence investigation and then-prevailing market conditions.

The District acknowledges and agrees that RJA is being retained to act solely as underwriter or placement agent for the Bonds, and not as advisor or in any other capacity as agent. RJA shall act as an

independent contractor under this Agreement, and not in any other capacity, including as a fiduciary. The District acknowledges and agrees that: (i) the transaction contemplated by this Agreement is an arm's length, commercial transaction between District and RJA in which RJA is acting solely as a principal and is not

acting as a municipal advisor, financial advisor or fiduciary to the District; (ii) RJA has not assumed any advisory or fiduciary responsibility to the District with respect to the transaction contemplated hereby and the discussions, undertakings and procedures leading thereto (irrespective of whether RJA has provided other services or is currently providing other services to the District on other matters); (iii) the only obligations RJA has to the District with respect to the transaction contemplated hereby expressly are set forth in this Agreement; and (iv) the District has consulted its own legal, accounting, tax, financial and other advisors, as applicable, to the extent it has deemed appropriate.

9. **Conflicts.** You should be aware that RJA or its affiliates may have trading and other business relationships with other participants in the proposed transaction, including with potential purchasers of the Bonds. These relationships include, but may not be limited to, trading lines, frequent purchases and sales of securities and other engagements through which RJA may have, among other things, an economic interest. In addition, you should be aware that the primary role of an underwriter or placement agent is to purchase, or arrange for the placement of, respectively, securities in an arm's-length commercial transaction between the issuer and (i) RJA, strictly in our capacity as Underwriter, or (ii) the purchaser, strictly in our capacity as Placement Agent, and that the RJA has financial and other interests that differ from those of the District. Notwithstanding the foregoing, RJA will not receive any compensation with respect to the services provided hereunder other than as set forth in paragraph 2 above or otherwise disclosed in writing to District. RJA is involved in a wide range of activities from which conflicting interests or duties may arise. Information which is held elsewhere within RJA, but of which none of our personnel involved in the proposed transaction actually has knowledge, will not for any purpose be taken into account in determining RJA's responsibilities to you.

10. **General Terms**. No opinion or advice of RJA shall be reproduced, disseminated, quoted or referred to at any time without the prior written consent of RJA. Upon the completion of the financing, we will be entitled to advertise the transaction in publications and at times selected by us at our own expense. Notwithstanding the foregoing, nothing in this Agreement shall limit or impair the District's obligations under Chapter 119 (Public Records) or Section 286.011 (Sunshine Law), Florida Statutes, or its disclosure obligations under applicable securities laws, and no consent of RJA shall be required for any disclosure required thereby.

No waiver, amendment or other modification of this Agreement shall be effective unless in writing and signed by each party hereto.

Any dispute arising under this Agreement shall be brought exclusively in the state courts located in Duval County, Florida. The construction and interpretation of this Agreement shall be governed by the substantive law of the State of Florida, without regard to its conflicts of laws principles. Nothing in this Agreement shall be construed as a waiver by the District of sovereign immunity beyond the limited waiver set forth in Section 768.28, Florida Statutes, or of any other right or immunity afforded to the District under Florida law.

EXHIBIT A

The District has engaged Raymond James & Associates, Inc. ("RJA"), to serve as an underwriter, and not as a financial advisor or municipal advisor, in connection with the issuance of the Bonds.

As part of our services as underwriter, RJA may provide advice concerning the structure, timing, terms, and other similar matters concerning the issuance of the Bonds.

The following G-17 conflict of interest disclosures are now broken down into three types, including: (I) dealer-specific conflicts of interest disclosures (if applicable), (II) transaction-specific disclosures (if applicable), and (III) standard disclosures.

I. Dealer-Specific Conflicts of Interest Disclosures

RJA has identified the following potential or actual dealer-specific material conflicts or business relationships we wish to call to your attention. When we refer to *potential* material conflicts herein, we refer to ones that are reasonably likely to mature into *actual* material conflicts during the course of the transaction, which is the standard required by MSRB Rule G-17.

In the ordinary course of its various business activities, RJA and its affiliates, officers, directors, and employees may purchase, sell or hold a broad array of investments and may actively trade securities, derivatives, loans, commodities, currencies, credit default swaps, and other financial instruments for their own account and for the accounts of customers. Such investment and trading activities may involve or relate to assets, securities and/or instruments of the District (whether directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the District. RJA and its affiliates also may communicate independent investment recommendations, market advice or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and at any time may hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

Additionally, in the ordinary course of its business, RJA and its affiliates may have engaged, and may in the future engage, in transactions with, and perform services for, the District and its affiliates, including without limitation, investment bidding agent services, for which they received or will receive customary fees and expenses.

Further, we understand that the District may, in certain situations, use a portion of the proceeds from the issuance of the Bonds to refund certain of the District's outstanding securities (the "Refunded Bonds"). To the extent that RJA or an affiliate thereof owns Refunded Bonds, RJA or its affiliate, as the case may be, would receive a portion of the proceeds from the issuance of the Bonds.

Raymond James & Associates, Inc., member New York Stock Exchange/SIPC. All products and services are provided solely through Raymond James.

II. Transaction-Specific Disclosures

- Disclosures Concerning Complex Municipal Securities Financing:
    - Because we have not recommended to the District a financing structure that may be a "complex municipal securities financing" for purposes of MSRB Rule G-17,

      additional disclosures regarding the financing structure for the Bonds are not required under MSRB Rule G-17.

III. Standard Disclosures

- Disclosures Concerning the Underwriter's Role:
    - MSRB Rule G-17 requires an underwriter to deal fairly at all times with both the District and investors.
    - The underwriter's primary role is to purchase the Bonds with a view to distribution in an arm's-length commercial transaction with the District. The underwriter has financial and other interests that differ from those of the District.
    - Unlike a municipal advisor, an underwriter does not have a fiduciary duty to the District under the federal securities laws and is, therefore, not required by federal law to act in the best interests of the District without regard to its own financial or other interests.
    - The District may choose to engage the services of a municipal advisor with a fiduciary obligation to represent the District's interest in this transaction.
    - The underwriter has a duty to purchase the Bonds from the District at a fair and reasonable price but must balance that duty with their duty to sell the Bonds to investors at prices that are fair and reasonable.
    - The underwriter will review the official statement for the Bonds in accordance with, and a part of, its responsibility to investors under the federal securities laws, as applied to the facts and circumstances of this transaction. Under federal securities law, the District has the primary responsibility for disclosure to investors. The review of the official statement by the underwriter is solely for purposes of satisfying the underwriter's obligations under the federal securities laws and such review should not be construed by the District as a guarantee of the accuracy or completeness of the information in the official statement.

Raymond James & Associates, Inc., member New York Stock Exchange/SIPC. All products and services are provided solely through Raymond James.

- Disclosures Concerning the Underwriter's Compensation:
    - The underwriter will be compensated by a fee and/or an underwriting discount that will be set forth in the bond purchase agreement to be negotiated and

      entered into in connection with the issuance of the Bonds. Payment or receipt of the underwriting fee or discount will be contingent on the closing of the transaction and the amount of the fee or discount may be based, in whole or in part, on a percentage of the principal amount of the Bonds. While this form of compensation is customary in the municipal securities market, it presents a conflict of interest since the underwriter may have an incentive to recommend to the District a transaction that is unnecessary or to recommend that the size of the transaction be larger than is necessary.

Depending on the structure of the transaction that the District decides to pursue, or if additional actual or potential material conflicts are identified, we may be required to send you additional disclosures regarding the material financial characteristics and risks of such transaction and/or describing those conflicts. At that time, we also will seek your acknowledgement of receipt of any such additional disclosures.

Consideration of Bryant Miller Olive
Bond Counsel Agreement

BOND COUNSEL AGREEMENT

This Bond Counsel Agreement is entered into as of the 29th day of October 2026, by and between **BOGGY BRANCH COMMUNITY DEVELOPMENT DISTRICT**, a community development district organized and existing under the provisions of Chapter 190, Florida Statutes, as amended (the "District"), and **BRYANT MILLER OLIVE P.A.,** a Florida professional service corporation ("BMO").

W I T N E S S ETH:

WHEREAS, the District plans to issue its revenue bonds (the "Bonds") to finance or refinance the acquisition, construction and equipping of certain capital improvements benefiting landowners of the District; and

WHEREAS, the District desires to engage BMO as bond counsel in connection with the issuance and sale of the obligations including Bonds, on the terms and conditions hereinafter set forth; and

WHEREAS, BMO desires to accept engagement as bond counsel for the District in connection with the issuance and sale of the Bonds, on the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the premises, which shall be deemed an integral part of this Agreement, and of the covenants and agreements herein contained, the District and BMO, both intending to be legally bound hereby, agree as follows:

1. BOND COUNSEL.

1.1. ***Duties of Bond Counsel***. BMO shall serve as bond counsel to the District in connection with the issuance of the Bonds. It is anticipated that such Bonds will be sold through a negotiated sale or private placement. The duties of BMO as bond counsel shall include the following:

1.1.1. Prepare or review all indentures (including a Master Indenture and Supplemental Indenture) with respect to the Bonds, and other documents relating to the Bonds, said duty to be performed in cooperation with the financial advisors and/or underwriters/placement agents engaged by the District.

1.1.2. Review all disclosure documents, including official statements, prepared or authorized by the District insofar as such documents contain descriptions of the Bonds and summaries of contracts or other documents relevant to the Bonds; provided, however, that BMO shall have no responsibility for the disclosure documents insofar as such documents describe the financial circumstances of the offering or any other statistical projects or data, and provided further, that BMO shall have no responsibility to the purchasers of the Bonds for state or federal securities law compliance in

connection with the offering of the Bonds.

1.1.3. Prepare all closing documents, and attend and be responsible for the closing, as well as attending drafting and informational meetings regarding the Bonds.

1.1.4. Render opinions in written form at the time the Bonds are to be authenticated and delivered, which opinions shall cover the legality of the Bonds and the exemption of the interest to be paid with respect to the Bonds from federal income taxation.

1.2. ***Duties of Bond Counsel under this engagement are limited to those expressly set forth above. Among other things, Bond Counsel's duties do not include:***

1.2.1 Assisting in the preparation or review of an official statement or any other disclosure document with respect to the public offering of tax exempt debt obligations, or performing an independent investigation to determine the accuracy, completeness or sufficiency of any such document or rendering advice that the official statement or other disclosure document does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements contained therein, in light of the circumstances under which they were made, not misleading.

1.2.2 Preparing blue sky or investment surveys with respect to the debt instrument.

1.2.3 Drafting state constitutional or legislative amendments.

1.2.4 Pursuing test cases or other litigation (such as validation proceedings).

1.2.5 Making an investigation or expressing any view as to the creditworthiness of the District, any credit enhancement provider, liquidity provider or the debt instrument.

1.2.6 Assisting in the preparation of, or opining on, a continuing disclosure undertaking pertaining to any publicly offered debt or, after Closing, providing advice concerning any actions necessary to assure compliance with any continuing disclosure undertaking.

1.2.7 Representing the District in Internal Revenue Service examinations or inquiries, or Securities and Exchange Commission investigations.

1.2.8 After Closing, providing continuing advice to the District or any other party concerning any actions necessary to assure that interest paid on any tax-exempt debt instrument will continue to be excludable from gross income for federal income tax purposes (e.g., this engagement does not include rebate calculations for any tax-exempt debt).

1.2.9 Providing any advice or opinions on bankruptcy matters.

1.2.10 Providing advice or opinions on interest rate swap agreements.

1.2.11 Addressing any other matter not specifically set forth above that is not required to render BMO's legal opinions.

1.3. ***Fees and Expenses for Services Rendered as Bond Counsel.*** Based upon (i) our understanding of the terms, structure, size and schedule of the financing represented by each Series of Bonds; (ii) the duties we will undertake pursuant to this agreement; (iii) the time we anticipate devoting to the financing; and (iv) the responsibilities we will assume in connection therewith, we will submit a fee for your approval prior to the issuance of each series of Bonds. Our fee may vary: (a) if the principal amount of Bonds actually issued differs significantly from the amount originally anticipated; (b) if material changes in the structure or schedule of the financing occur; or (c) if unusual or unforeseen circumstances arise which require a significant increase in our time or responsibility. If, at any time, we believe that circumstances require an adjustment of our original fee, we will advise you and request your prior approval.

The District shall pay to BMO, as a fee for services rendered pursuant to this Section 1, the following sums:

(a) for services rendered in connection with the issuance of bonds through a public offering of the bonds, an amount of $55,000 for each such issue; and

(b) for services rendered in connection with the issuance of bonds through a private placement with a single accredited investor, an amount of $35,000 for each such issue.

The fees shall be paid by the District to BMO from the proceeds derived by the District from the sale of the Bonds and, if the Bonds are not sold, then no fees shall be paid by the District for services rendered pursuant to this Section 1.

The foregoing fees shall not include out-of-pocket expenses incurred by BMO in connection with services rendered hereunder, which shall be payable in addition to said fee in an amount not to exceed $1,500 per issue, where applicable.

1.4. ***Limitations on Engagement***: Unless otherwise expressly stated herein, it is understood and agreed that the District is not relying upon Bond Counsel for investment or accounting advice or decisions, or to investigate the character or credit of any persons with whom you are or may be dealing in connection with this matter.

1.5. ***Waiver of Future Conflicts***: It is a condition of BMO's acceptance of this engagement that the District understand and agree that BMO may continue to represent, or may undertake in the future to represent, any existing or future client(s) in any matter which is not substantially related to the particular matter that BMO is handling for the District in this engagement.

1.6. ***Applicability to Future Engagements***: Unless a different engagement letter is executed in the future, the terms of this engagement letter will also be applicable to and govern our professional relationship on all subsequent matters on or in which we may become involved or engaged on the District's behalf.

2. TERMINATION. This Agreement may be terminated by the District, or by BMO, with or without cause, upon fifteen (15) days prior written notice to the other. If the District terminates BMO for reasonable cause related to the District's dissatisfaction with the quality of the services rendered by BMO (such as, for example, BMO's failure to meet reasonable deadlines imposed by the District, BMO's neglect of its duties hereunder, or BMO's improper performance of its duties hereunder), then no compensation shall be paid to BMO for any services theretofore rendered pursuant to Section 1 of this Agreement. If the District terminates BMO for any other reason, but nevertheless sells the Bonds, then compensation to be paid by the District shall be an amount equal to the number of hours devoted by BMO to its services as bond counsel pursuant to Section 1 above through the termination date multiplied by $350.00.

3. CONSTRUCTION. This Agreement shall be governed by, and construed in accordance with, the laws of the State of Florida.

4. CONFLICTS. The rules regulating The Florida Bar provide that common representation of multiple parties is permissible where the clients are generally aligned in interest, even though there is some difference in interest among them. BMO is disclosing to the District that it has, and may in the future, serve as bond or disclosure counsel to other local governments or otherwise act as underwriter's counsel or trustee's counsel on public finance matters in Florida. From time to time, BMO may represent the firms which may underwrite the District's bonds, notes or other obligations (including Raymond James & Associates, Inc. (d/b/a MBS Capital Markets | Raymond James), U.S. Bank Trust Company, National Association and other financial institutions hired by the District) on financings for other governmental entities in Florida on unrelated matters. In either case, such representations are standard and customary within the industry and BMO can effectively represent the District and the discharge of BMO's professional responsibilities to the District will not be prejudiced as a result, either because such engagements will be sufficiently different or because the potential for such prejudice is remote and minor and outweighed by consideration that it is unlikely that advice given to the other client will be relevant in any respect to the subject matter, and the District expressly consents to such other representations consistent with the circumstances herein described. The District acknowledges and agrees that BMO's role as bond counsel, disclosure counsel, or counsel to any local governmental entity or financial institution or in conjunction with public finance transactions is not likely to create or cause any actual conflict, and service as disclosure, bond, or counsel to other clients of BMO will not per se be construed as a conflict or be objectionable to the District. The District acknowledges that BMO currently represents Raymond James & Associates, Inc. (d/b/a MBS Capital Markets | Raymond James), which will underwrite the District's bonds in this transaction, on other unrelated financings as underwriter's counsel. The District being fully informed, expressly consents to the representation and waives the conflict.

Please understand that while we cannot, and do not, guarantee the outcome or success of this or any other engagement or professional undertaking, we will earnestly strive to represent and serve the District's interests in this engagement effectively, efficiently and responsively while endeavoring to accomplish its objectives in this engagement.

IN WITNESS WHEREOF, the District and BMO have executed this Agreement as of the date first written above.

Non-Residents. A Non-Resident Patron must pay the Annual User Fee in order to have the right to use the Amenities for one full year, which year begins from the date of receipt of payment by the District. This fee must be paid in full before the Non-Resident may use the Amenities. Each subsequent Annual User Fee shall be paid in full on the anniversary date of application.

Lessee's Privileges. Residents who lease residential unit(s) in the District shall have the right to designate the Lessee of the residential unit(s) as the beneficial users of the Resident's privileges to use the Amenities.

Guests must be accompanied by the Patron when using the Amenities, and the Patron will be responsible for any harm caused by the Patron's Guests while using the Amenities. For clarification purposes, the four Guest limitation is a restriction on the total number of Guests that a Patron may bring on behalf of that Patron's particular residence, household or lot – e.g., a Family consisting of four people cannot bring up to four Guests each for a total of sixteen Guests, but instead can only bring a total of four Guests on behalf of the entire household. The District may also in its discretion invite Guests as part of any community programming activities. Applicable fees may apply. Guests shall be subject to all rules and policies as the Board may adopt from time to time.

Registration / Disclaimer. In order to use the Amenities, each Patron, all members of a Patron's Family, and all Guests shall register with the District by executing a Registration Form, and by executing the Consent and Waiver Agreement, a copy of which is attached hereto as **Exhibit A. <u>All persons using the Amenities do so at their own risk and agree to abide by the rules and policies for the use of the Amenities. As set forth more fully later herein, the District shall assume no responsibility and shall not be liable for any accidents, personal injury, or damage to, or loss of property arising from the use of the Amenities or from the acts, omissions or negligence of other persons using the Amenities. Some programs will have maximum registration limitations. In the event a program is full, a waiting list will be created. If there are cancellations in the program, the Patrons on the waiting list will be contacted. This waiting list will also be used to determine if an additional program can be offered.

Programs and Activities. All programs and services including personal training, group exercise, instructional programs, competitive events, and other programs must be conducted through the Amenity Manager or as directed by the Board. A schedule of activities for the Amenities will be posted in each area and updated by the Amenity Manager.

Our events are booked with our vendors well in advance and some residents may have been turned away due to capacity limitations. All cancellations by Patrons must be made prior to the registration deadline for a full refund (less the processing fee) to allow others on the waitlist a chance to attend.

Cancellations made by Patrons after the registration deadline are not eligible for a refund due to catering costs and restraints.

B. The District, its staff, consultants and supervisors shall be named as additional insured. Insurance coverage shall be from a reputable insurance carrier, licensed to conduct business in the State of Florida.

C. If the Contractor fails to have secured and maintained the required insurance, the District has the right but not the obligation to secure such required insurance in which event the Contractor shall pay the cost for that required insurance and shall furnish, upon demand, all information that may be required in connection with the District's obtaining the required insurance.

SECTION 7. INDEMNIFICATION.

A. connection with this Agreement, including litigation, mediation, arbitration, appellate, or settlement proceedings with respect thereto. Contractor further agrees that nothing herein shall constitute or be construed as a waiver of the District's limitations on liability contained in section 768.28, *Florida Statutes*, or other statute.

B. Obligations under this section shall include the payment of all settlements, judgments, damages, liquidated damages, penalties, forfeitures, back pay awards, court costs, arbitration and/or mediation costs, litigation expenses, attorneys' fees, paralegal fees (incurred in court, out of court, on appeal, or in bankruptcy proceedings), any interest, expenses, damages, penalties, fines, or judgments against the District.

SECTION 8. LIMITATIONS ON GOVERNMENTAL LIABILITY. Nothing in this Agreement shall be deemed as a waiver of the District's sovereign immunity or the District's limits of liability as set forth in Section 768.28, *Florida Statutes*, or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under such limitations of liability or by operation of law.

SECTION 9. COMPLIANCE WITH GOVERNMENTAL REGULATION. The Contractor shall keep, observe, and perform all requirements of applicable local, State, and Federal laws, rules, regulations, or ordinances. If the Contractor fails to notify the District in writing within five (5) days of the receipt of any notice, order, required to comply notice, or a report of a violation or an alleged violation, made by any local, State, or Federal governmental body or agency or subdivision thereof with respect to the services being rendered under this Agreement or any action of the Contractor or any of its agents, servants, employees, or materialmen, or with respect to terms, wages, hours, conditions of employment, safety appliances, or any other requirements applicable to provision of services, or fails to comply with any requirement of such agency within five (5) days after receipt of any such notice, order, request to comply notice, or report of a violation or an alleged violation, the District may terminate this Agreement, such termination to be effective upon the giving of notice of termination.

SECTION 10. LIENS AND CLAIMS. The Contractor shall promptly and properly pay for all labor employed, materials purchased, and equipment hired by it to perform under this Agreement. The Contractor shall keep the District's property free from any materialmen's or mechanic's liens and claims or notices in respect to such liens and claims, which arise by reason of the Contractor's performance under this Agreement, and the Contractor shall immediately discharge any such claim or lien. In the event that the Contractor does not pay or satisfy such claim or lien within three (3) business days after the filing of notice thereof, the District, in addition to any and all other remedies available under this Agreement, may terminate this Agreement to be effective immediately upon the giving of notice of termination.

SECTION 11. DEFAULT AND PROTECTION AGAINST THIRD PARTY INTERFERENCE. A default by either party under this Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, the right of damages, injunctive relief, and/or specific performance. The District shall be solely responsible for enforcing its rights under this Agreement against any interfering third party. Nothing contained in this Agreement shall limit or impair the District's right to protect its rights from interference by a third party to this Agreement.

SECTION 12. CUSTOM AND USAGE. It is hereby agreed, any law, custom, or usage to the contrary notwithstanding, that the District shall have the right at all times to enforce the conditions and agreements contained in this Agreement in strict accordance with the terms of this Agreement, notwithstanding any conduct or custom on the part of the District in refraining from so doing; and further, that the failure of the District at any time or times to strictly enforce its rights under this Agreement shall not be construed as having created a custom in any way or manner contrary to the specific conditions and agreements of this Agreement, or as having in any way modified or waived the same.

SECTION 13. SUCCESSORS. This Agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors, and assigns of the Parties to this Agreement, except as expressly limited in this Agreement.

SECTION 14. TERMINATION. The Contractor agrees that the District may terminate this Agreement immediately for cause by providing written notice of termination to the Contractor. The District shall provide thirty (30) days' written notice of termination without cause. Upon any termination of this Agreement, the Contractor shall be entitled to payment for all work and/or services rendered up until the effective termination of this Agreement, subject to whatever claims or off-sets the District may have against the Contractor.

SECTION 15. PERMITS AND LICENSES. All permits and licenses required by any governmental agency directly for the District shall be obtained and paid for by the District. All other permits or licenses necessary for the Contractor to perform under this Agreement shall be obtained and paid for by the Contractor.

SECTION 16. ASSIGNMENT. Neither the District nor the Contractor may assign this Agreement without the prior written approval of the other. Any purported assignment without such approval shall be void.

SECTION 17. INDEPENDENT CONTRACTOR STATUS. In all matters relating to this Agreement, the Contractor shall be acting as an independent contractor. Neither the Contractor nor employees of the Contractor, if there are any, are employees of the District under the meaning or application of any Federal or State Unemployment or Insurance Laws or Old Age Laws or otherwise. The Contractor agrees to assume all liabilities or obligations imposed by any one or more of such laws with respect to employees of the Contractor, if there are any, in the performance of this Agreement. Seller further warrants that the Goods are free of any rightful claim of infringement, and shall indemnify, defend, and hold harmless the Indemnitees (defined below) against any such claim. Further, the Goods shall be new, shall be free from defects, shall be of merchantable quality, and shall be fit for use on the District's tennis courts. Seller agrees, without prejudice to any other rights Owner may have, to replace or otherwise remedy any defective Goods without further cost to Owner or, at Owner's option, to reimburse Owner for its cost of replacing defective Goods. All Goods are subject to inspection by Owner before, upon, and within a reasonable time after delivery. Goods shall not be replaced without Owner's prior written instructions. Any acceptance by Owner shall not prevent Owner from later rejecting non-conforming Goods. The warranty provided herein shall survive the completion or termination of this Order and is in addition to any warranties provided by law.
6. COMPLIANCE WITH LAW. Seller agrees that at all times it will comply with all applicable federal, state, municipal and local laws, orders and regulations.
7. INDEMNITY. To the fullest extent permitted by law, and in addition to any other obligations of Seller under the Order or otherwise, Seller shall indemnify, hold harmless, and defend Owner, and Owner's supervisors, staff, consultants, agents, subcontractors, and employees (together, "**Indemnitees**") from all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused in whole or in part by the negligence, recklessness or intentional wrongful misconduct of the Seller, or any subcontractor, any supplier, or any individual or entity directly or indirectly employed by any of them, and arising out of or incidental to the performance of this Order. The Seller shall ensure that any and all subcontractors include this express provision for the benefit of the Indemnitees. The parties agree that this paragraph is fully enforceable pursuant to Florida law. In the event that this section is determined to be unenforceable, this paragraph shall be reformed to give the paragraph the maximum effect allowed by Florida law and for the benefit of the Indemnitees. The provisions of this section shall survive the completion or earlier termination of this Order, and are not intended to limit any of the other rights and/or remedies provided to the District hereunder.
8. INSURANCE. At all times during the term of this Order agreement, Seller, at its sole cost and expense, shall maintain insurance coverages of the types and amounts set forth below:

a. Commercial general liability insurance with minimum limits of liability not less than $1,000,000. Such insurance shall include coverage for contractual liability.

c. Comprehensive automobile liability insurance covering all automobiles used by Seller, with limits of liability of not less than $1,000,000 each occurrence combined single limit bodily injury and property damage.

9. DEFAULT. Upon any material default by Seller hereunder, Owner may, in addition to any other remedies available to Owner at law or in equity, cancel this Order without penalty or liability by written notice to Seller.
10. LIMITATION OF LIABILITY. Nothing herein shall be construed to be a waiver of the Owner's limit of liability contained in Section 768.28, Florida Statutes or other statute or law.

11. WAIVER. Any failure of Owner to enforce at any time, or for any period of time, any of the provisions of this Order shall not constitute a waiver of such provisions or a waiver of Owner's right to enforce each and every provision.
12. MODIFICATIONS. This Order supersedes all prior discussions, agreements and understandings between the parties and constitutes the entire agreement between the parties with respect to the transaction herein contemplated. Changes, modifications, waivers, additions or amendments to the terms and conditions of this Order shall be binding on Owner only if such changes, modifications, waivers, additions or amendments are in writing and signed by a duly authorized representative of Owner.
13. APPLICABLE LAW. The validity, interpretation, and performance of this Order shall be governed by the laws of the State of Florida, in force at the date of this Order. Where not modified by the terms herein, the provisions of Florida's enactment of Article 2 of the Uniform Commercial Code shall apply to this transaction.
14. MECHANIC'S LIENS. Notwithstanding that Owner is a local unit of special purpose government and not subject to the lien provisions of Chapter 713, Florida Statutes, Seller agrees to keep the District's property free of all liens, including equitable liens, claims or encumbrances (collectively, "**Liens**") arising out of the delivery of any Goods by Seller, and shall furnish Owner with appropriate lien waivers from all potential claimants upon request of Owner. If any Liens are filed, Owner may without waiving its rights based on such breach by Seller or releasing Seller from any obligations hereunder, pay or satisfy the same and in such event the sums so paid by Owner shall be due and payable by Seller immediately and without notice or demand, with interest from the date paid by Owner through the date paid by Seller, at the highest rate permitted by law.
15. PERMITS AND LICENSES. Before commencing performance hereunder, Seller shall obtain all permits, approvals, certificates and licenses necessary for the proper performance of this Order and pay all fees and charges therefore. The originals of all such documents shall be delivered to Owner upon receipt by Seller.
16. PARTIAL INVALIDITY. If in any instance any provision of this Order shall be determined to be invalid or unenforceable under any applicable law, such provision shall not apply in such instance, but the remaining provisions shall be given effect in accordance with their terms.
17. ASSIGNMENT AND SUBCONTRACTING. This Order shall not be assigned or transferred by Seller without prior written approval by Owner, and any attempted assignment or transfer without such consent shall be void.
18. RELATIONSHIP. The relationship between Owner and Seller shall be that of independent contractor, and Seller, its agents and employees, shall under no circumstances be deemed employees, agents or representatives of Owner.
19. NOTICES. Any notice, approval or other communication required hereunder must be in writing and shall be deemed given if delivered by hand or mailed by registered mail or certified mail addressed to the parties hereto as indicated on page 1.
20. PUBLIC ENTITY CRIMES. 22. TERMINATION. Notwithstanding anything herein to the contrary, Owner shall have the right, at its sole election, to terminate this Order for any cause whatsoever upon the delivery of written notice to Seller. Upon such termination, Seller shall have no remedy against Owner, other than for payment of Goods already produced pursuant to specific written direction by Owner pursuant to Section 2 above, subject to any offsets or claims that Owner may have.
23. PUBLIC RECORDS. Seller acknowledges that this Agreement and all the documents pertaining thereto may be public records and subject to the provisions of Chapter 119, Florida Statutes.
24. CONFLICTS. To the extent of any conflict between this document and the Purchase Order or **Exhibit A**, this document shall control.

3. DELIVERY AND INSPECTION.
   a. All shipments of Goods are to be made, with all shipping costs prepaid by Seller (e.g., insurance, packing, loading, freight, etc.), to the receiving point specified above.    b. All Goods are subject to inspection and approval by Owner at a reasonable time post-delivery. Owner may return Goods not meeting specifications (including over-shipments) at the Seller's expense and risk. Owner will notify Seller of failure. Return authorizations for Goods not received within 30 days will deem such Goods as donations to Owner.

Any acceptance by Owner shall not prevent Owner from later rejecting non-conforming Goods. The warranty provided herein shall survive the completion or termination of this Order and is in addition to any warranties provided by law.
6. COMPLIANCE WITH LAW. Seller agrees that at all times it will comply with all applicable federal, state, municipal and local laws, orders and regulations.
